kamorsy@gmail.com

Date of Birth : 20 Sept. 1962

Nationality: Egyptian

Education and Qualifications

- Sept, 1997: Ph.D. in Computer Science, Naval Postgraduate School (NPGS),
Monterey, CA, USA,
**Dissertation Title : "An efficient Model-Based Image
understanding Method for Autonomous Vehicles".**
- Nov. 1990: M.SC. in Electrical Engineering (Computer Eng. Dept.) ,
Military Technical College, Cairo, Egypt.
- July 1985: B.SC. in Electrical Engineering (Computer Eng. Dept.) ,
Military Technical College, Cairo, Egypt.

Work Experience:

Date	Location	Job Description
2011-Presnt	Modern Academy for Engineering and Technology	Assistant Professor, Computer Engineering and IT dept. Head of Department (Sept 2022- Present)
2009-2011	EAF Research and Development Dept	Management and Evaluating new techniques, R&D cooperation projects and proposals in the field of Aviation systems for Egyptian Air Force (Retired July 2011)
2008-2009	Egyptian Armament Authority (R&D	Management and Evaluating new techniques, R&D projects and cooperation proposals relevant

	Branch – Air Force Sector)	to Egyptian Air Force and Information Technology Department of Egyptian Armed forces.
1997-2008	EAF R&D Dept.	Team member / a team leader for Research and Development projects in the field of Aviation control software systems and Information. Systems and their technologies.
1997-1998	Military Technical College	Member of teaching staff (Computer Systems Dept).
1990-1993	EAF R&D Dept	Computer Systems & IT Research Engineer, (Analysis, Design, and Implementing Information Systems).
1985-1990	Egyptian Air Force (EAF) Air Academy	Lecturer, Lab Instructor , Computer Systems Dept.

Teaching Experience:

Year	College/Institute	Courses taught
2011-2021	Modern Academy for Engineering and Technology	- Operating Systems I & II - Computer Organization - Information Systems - Computer Performance Evaluation - Computer Architecture - Data structures and algorithms - Database Systems - Languages and Compilers - Graduation Projects supervision (Robotics and micro-controller based systems, and Big-data analytics)
2018-2022	College of Engineering (NUB) – Part Time	- Computing In Engineering (Introduction to C++) - Database Systems - Computer Programming (advanced C++) - Operating Systems - Computer Organization and Architecture - Supervision of Graduation Projects
2012-2022	Future University (FUE), Faculty of Computers and Information Technology (part time)	- Operating Systems I - Operating Systems II - Data Structures - E- Learning - Supervision of Graduation Projects
2005-2006	Al-Shorouk Academy (Comp. Science & IT Institute) (part time)	- Management Information Systems - Supervision of 4 graduation projects
2002-2003	Al-Shorouk Academy (Engineering High Institute) (part time)	- Logic circuits - Computer Applications (in Electrical Engineering)

2000-2002	EAF Air Academy (part time)	- Database Systems - Introduction to Computer Systems - Introduction to Electrical Engineering - Computer Networks & Internet
1999-2000	Modern Academy (Computer Science & IT Institute) (part time)	- Object-oriented Programming (OOP) using Visual C++
1985-1987 1989-1990	EAF Air Academy (Full Time)	- Introduction to Computer Systems - Programming - Database Systems - Basic Circuit theory.

Courses That I have Interest to teach:

- Computer Architecture
- Database Systems
- Operating Systems
- Robotics Motion Planning
- Logic Circuits and Design
- Artificial Intelligence
- Image Processing
- Data Structures and Algorithms.
- Computer Networks.
- Computer Organization
- Programming Languages
- Information Systems
- Microprocessor-based systems
- Computer Graphics
- Computer Vision
- System Analysis and Design
- Languages and Compilers

Publications:

- Khaled A. Morsy , "Data Structures and Algorithms" , Lecture Notes, Modern Academy for Engineering and Technology, 2018
- Khaled A. Morsy , "Information Systems" , Lecture Notes, Modern Academy for Engineering and Technology, 2016
- Khaled A. Morsy , "Operating systems" , Lecture Notes, Modern Academy for Engineering and Technology, 2016
- Khaled A.Morsy , "Computer Performance Evaluation", Lecture Notes, Modern Academy for Engineering and Technology, 2013
- And Elemenem Fouda , Khaled A.Morsy , "Computer Organization", Lecture Notes, Modern Academy for Engineering and Technology, 2013
- Khaled A. Morsy, "An efficient Model-Based Image understanding Method for Autonomous Vehicles", **Ph.D. Dissertation** , Naval Postgraduate School, Monterey, CA, USA, Sept 1997.
- **Khaled A. Morsy, Yutaka Kanayama, "A new straight-edge detection Algorithm Using Direction-Controlled Edge Tracking and Random Hitting", IEEE International Symposium on Computational Intelligence In Robotics And Automation, , pp 398-405, Monterey, CA, USA, July 1997.**

- Khaled A, Morsy, "Applications of Artificial Intelligence in the design of a query system for a Military Equipments Database", Armament and Technology Magazine for Egyptian Armed Forces, Cairo, Egypt, July 1992.
- Khaled A. Morsy, "Arabic Natural Language Query System", M.Sc. Thesis, Military Technical College, Cairo, Egypt, Nov. 1990.
